## OFFICE OF COUNTY ADMINISTRATION

VINCENT E. POLING  
COUNTY ADMINISTRATOR

MARY T. PRICE  
ASSISTANT COUNTY ADMINISTRATOR

July 10, 2009

Mr. John M. Kennedy  
DEQ-Office of Water Quality Programs  
PO Box 1105  
Richmond, VA 23218

RE: North Fork Regional WWTP  
VA 0090328  
Petition for CTO Extension

Dear Mr. Kennedy:

Pursuant to the WQWP Regulation (9 VAC 25-720) and HB 2074/SB1022 the County of Shenandoah petitions the State Water Control Board for an extension of the December 31, 2010 CTO deadline for the above referenced North Fork Regional Wastewater Treatment Plant.

The County currently has under design a pump station and force main to pump the County landfill leachate and County-wide septage pump outs to the North Ford plant. The County is also reviewing its options for "bubbling" its nutrient allocations with the other two County owned Sanitary District treatment plants.

The County further is investigating the implications of the NOIRA that considers transferring the North Fork's nutrient allocation to Merck.

If I can provide any further information, please do not hesitate to contact me.

Sincerely,

Rodney W. McClain,  
Director of Public Utilities

RWM/sr
